

Mike & Becky Dyson are among the finest ministers I have ever encountered. They carry a remarkable balance in ministry of power and love, serving as a catalyst for both personal and corporate revival. They are both anointed teachers and preachers who are passionate about using the Word of God to equip people in the supernatural works of Jesus. They carry a deep relational integrity, even as they are fiery for God. Their love for people is astounding and it penetrates hearts to renewal.

I have watched Mike & Becky bring transformation through the power of the Holy Spirit to people's lives both in personal ministry and corporate encounters. It is astounding to watch what the Holy Spirit does through this couple!

Whenever I get to partner with Mike & Becky, I give thanks to God because they are among my favorite people to minister with. They carry a powerful anointing for physical healing, emotional healing, prophetic ministry, freedom from oppression and divine encounters. Mike Dyson is a fire-starter for Jesus. He is an incredible teacher, prophetic voice, and a catalyst for healing and power encounters! Becky Dyson is a healing agent for Jesus. She is a love bomb in the face of individuals, a prophetic voice, and a releaser of God's heart!

I highly recommend Mike & Becky Dyson for itinerate ministry in churches, businesses, apostolic events, leadership gatherings, network meetings, personal ministry needs, etc. This couple is designed for apostolic ministry, and will prove a catalyst for renewal!
