

TRANSFORMING LIVES

BY THE GRACE OF GOD

July 23, 2019

To Whom It May Concern:

I am eternally grateful to God for the ministry we received through His servants Michael and Rebecca Dyson. The preaching, training, and impartation that was released, strengthened our congregation and has given us all more boldness to step into the gifting God has given us. Since our meeting with them, we have received an increase of testimonies of salvation and healing (and even new jobs and businesses that are in their beginning stages).

Michael and Rebecca were gracious, accommodating, and willing to flow with the "itinerary" while still being sensitive to how the Holy Spirit was moving in service. I can't overstate the impact they've made, and as we grow as a ministry, we look forward to an opportunity in the future to have them return.

Grace and Peace,
